Stomach Distress.

Every family here ought to keep some Diapiesin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a sour stomach five minutes after taking.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapiesin and take one triangle after supper tonight. There will be no sour ricing, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you.

These large 50-cent cases contain more than sufficient to cure a case of Dyspepsia or Indigestion

March 8. SYBIL.

Good Home Recipe.

Get from any prescription pharmacist the following:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered as the most certain prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.

Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs.

Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it harmless.

Death of Bent Little.

Bent Little, an ex-United States soldier, died at the residence of Rev. Ira Wells, near Daysboro, last Thursday morning at 10 o'clock. He had been suffering from stomach trouble and indigestion for several years past. Indeed ever since he was discharged from the army, where he served seven years, being finally discharged for disability. The day before he died Dr. C. H. Williams was called to see him and found him cramping. His arms and legs, in fact, were drawn from muscle contraction so that it was impossible to straighten them. He gave him something to ease the pain, but told his friends there was no hope for him. He had been keeping bachelor's hall, doing his own cooking, and the food he was able to provide for himself, like fried meat and other greasy victuals only aggravated his trouble. Bent Little was a young man who was universally liked by all who knew him, and let us hope that whatever faults he had were more than balanced by the good deeds a man's heart had prompted him to do.

Attempted Robbery.

Every once in a while some one reports an attempted raid on his smokehouse or poultry. The last attempt brought to our attention was an attempt to enter the cellar of Q. C. Daniel, who keeps the dormitory. It was Sunday night, and Mr. Daniel says the presence of some ladies left at home while the rest were at church was all that saved his larder. He thinks there were two or three in the gang. Other parties who have had similar attempts made are laying for the parties with well loaded guns and it is only a matter of time until some of our local physician will be called upon to pick the shot from some one's anatomy.

Burned to Death.

A thirteen-year-old girl, daughter of John Adams, of Ezel, caught fire and was burned to death Friday last. She was sitting in front of the fire Friday about 10 o'clock pulling a tooth for one of her little sisters when her dress ignited, but she had presence of mind to smother out the fire, as she thought, and subsequently her dress was in a blaze. She ran for water and there being none in the bucket she tried to draw some from the well, losing the bucket in the attempt. By this time she was enveloped in flames and she burned to a crisp despite all attempts to save her. She died at 10 o'clock Saturday morning, just 24 hours after she caught fire.

Breathitt Circuit Court.

According to reports from Jackson, criminals and violators of the law are getting their dues in the Breathitt Circuit court now in session. Court met on the 15th day of February and has been in continuous session since, and it has probably been the most successful term ever held in the county. The grand jury returned 422 indictments, most of them being against whisky men. As a result, some of the bootleggers and blind tiger men have come in and thrown up their hands and asked for mercy, while others have fled from the county. Some of the leading distillers have expressed their intention to soon suspend operation, and it is predicted by the good citizens of Breathitt county that the sale of whisky can be stopped within the next year.

Up to this time there have been four convictions to the penitentiary at this term. Amelia Allen was sentenced to life imprisonment for the murder of Fannie Tutt; W. R. Day to one year for obtaining money under false pretenses; Jeff Davis to life imprisonment for the murder of Andrew Bush, and Kenzie Arnett to one year for shooting and wounding Sherman Cope. There are three or four other murder cases to be tried at this term, and the felony docket will be very much relieved.

Card of Thanks.

Spencer Cooper, Editor HERALD—Will you be so good as to give space in the columns of your paper for this card of thanks to the good people of Hazel Green and surrounding community on behalf of myself and family for their noble, sympathetic expressions by way of substantial gifts in money and other things of an equivalent value. Such expressions of goodness and generosity came as a great boon of consolation in the darkest hour of our existence. I must say that it is out of my power to find words to fully express our gratitude to the dear friends for their noble generosity. Again thanking you on behalf of myself and family and humbly praying Almighty God that those noble gifts may be broad cast upon the waters to be gathered in the future. Ever holding you in grateful remembrance and praying the blessings of Almighty God upon you, we are fraternally and sincerely yours,

Mrs. Pearl Barker and sister-in-law, Miss Nannie Barker, called at THE HERALD office Wednesday afternoon to witness the intricacies of printing a newspaper.

A Mr. Green, who makes his home at Lexington, was here Wednesday soliciting orders from our local physicians for medicines from the Yates Chemical & Drug Co., of New York.

"A Rare Opportunity" heads an advertisement in this paper, and it is a rare opportunity for some man to buy an up-to-date blacksmith and repair shop, for a fact Read it.

Dr. Daniel Kash, of Campton, was the guest of his brother, Postmaster Sam Kash, Friday night. It was his first visit here since his sickness in the hospital at Lexington, and his friends were glad to see him.

Misses Mapel & Troy will leave Saturday for Cincinnati and Louisville, where they will spend a few days in the millinery emporiums of each city to study the styles and lay in their spring and summer stock.

Mrs. M. O. Carter, who has been in Lexington for a month past undergoing treatment for her eyes, returned home Monday afternoon. She says she feels no perceptible change in her eyesight, albeit it may develop later on.

Miss Nancy Sample, the accommodating and affable assistant postmaster, has purchased the half interest held by her father in the store of Kash & Sample. Thus the individual members of the firm are changed, but the firm name remains the same.

Mrs. Queeny Young, wife of Frank Young, of Jackson, came down Friday last to visit her mother and sister-in-law and packed up for shipment the fruit she had put up in the fall, to ship it to Jackson. This she did Monday morning, leaving on the back at the same time for her home.

Rev. H. J. Derthick, who has been canvassing the state of Tennessee with a view of establishing a mission school there under the auspices of the C. W. B. M., returned home Saturday, but we have not heard as to his success in the matter. Incidentally, however, we have heard that in the part of the state where he was there was some opposition to the C. W. B. M.

Prof. H. J. Derthick left Tuesday for Indianapolis, where he will meet the National Board of the C. W. B. M. and report his progress in the Tennessee field. There is one thing to be said in favor of Mr. Derthick, and that is, if any one can enthuse the people in the work of the C. W. B. M. he is the man. In brief, he is the right man in the right place.

Malachai, or Bill Spencer, who was shot by Jerry Brewer two weeks ago today, and it was thought fatally wounded, is now in a fair way to recovery. The bullet which entered his back took a downward range and lodged in his right thigh, and not in the abdomen as reported. Brewer confessed to the crime and is in the Campton jail, pending result of his victim's wound.

Rev. Mr. Bicknell closed a meeting at Neola Sunday night, after a continuous service of sixteen days, with nine additions to the church. The week before he closed a meeting at the Amyx schoolhouse with 47 additions, 33 by baptism, the rest by reclamation. Sunday school and weekly prayer meeting were established at each place, and work for the Master is quite promising in each locality.
